IMAGINE: SENDING IN YOUR TRIP DOCUMENTS
IMMEDIATELY AFTER DELIVERING YOUR LOAD

TripPak IN-CAB Makes
Convenient Document Submission a

Reality

TRUCKING

Do you have a laptop or netbook with access to the web?
Then it's time to find out how to get started using the TripPak IN-CAB!

- Scan from the convenience and comfort of your cab.
- Easy to set up & easy to use.
- Reduce out-of-route miles.
- You never have to search for another place to turn in your trips again!
- Take advantage of available technology.
- No paper, no fuss. Your trip paperwork images are received by your company in minutes.
- Confirm your transactions on-line.

“I've used other scanning products out there, but I can say that TripPak In-Cab is way better than any other scanning offering available today – hands down. I'm very happy that I can drop the load and scan right there instead of having to plan out-of-route miles to scan my paperwork later. I also LOVE that the software allows you to lighten or darken the documents that you scan. This is one of many features that TripPak In-Cab has over its competition.”
